

Abstract submission open 15th July – 15th October 2018

Dear Colleagues

Abstract submission for the 16th EAPC World Congress, which will take place in :

Berlin, Germany, 23-25 May 2019, is now open.

The congress “Global palliative care – shaping the future“ will explore how palliative care fits with the current global health agenda.

The Scientific Committee is currently in the process of developing an interesting and exciting congress programme which, for the first time, will also include a Children’s Palliative Care Seminar. Plenary speakers will present a range of topics including: access to palliative care and pain relief, research in palliative care, the language of dying, early palliative care and palliative care with limited resources. A range of diverse topics have also been selected for parallel sessions but as always **submitted abstracts will be a significant component of the programme.**

The Scientific Committee would now like to invite you to submit abstracts for presentation at the congress. Abstracts can be submitted in two categories, either as an oral or as poster presentations.

All accepted abstracts (both oral and poster presentations) will be available in a special online abstract book on the congress website.

All abstracts must be submitted using the electronic abstract system. Please note the deadline for abstract submission: **15th October 2018.**

Online abstract submission: <http://www.eapc-2019.org/abstract-submission.html>

Further information on the congress, the plenaries and the parallel sessions is available on our congress website at www.eapc-2019.org.

Please note that registration is also open: <http://www.eapc-2019.org/registration.html>

We look forward to receiving your abstracts and to seeing you in Berlin!

Dr. Sébastien Moine

Chair of the Scientific Committee
